

Pick Your Pathway (Choose 1)

If you try to fix everything, you fix nothing. Choose ONE focus for the next 30 days.

Step 1: Choose your current reality

If this is you...	Start with...
Cashflow is tight / stress is high	Cashflow Rescue Toolkit
Work is inconsistent / pipeline is thin	Lead Generation Toolkit
Team issues / hiring / too much reliance on key people	Hiring & Onboarding Toolkit
I'm the bottleneck / need better systems	Weekly Rhythm + SOP Builder Toolkit
I want time freedom or an exit in 1–5 years	Exit Readiness Toolkit

Step 2: Commit to one 30-day outcome

My chosen pathway	My 30-day outcome (be specific)	My first action (today)

Tip: Put your chosen toolkit folder into “My Files” so you can find it instantly.
